BSD COURSE - PIK COURSE

BSD Course - Hole 11

PIK Course - Hole 6

Message From President Director

I hope everyone is staying healthy and in good spirit.

Our Club continues to monitor and apply the health protocols according to the government regulation to make all the members and guests feel safe when visiting the club. We appreciate your continued support.

Damai Indah Golf is now celebrating its anniversary this October, we continue to strive to become the best golf courses in Indonesia by renovating our facilities. We are confident that our efforts will please our members and guests. PIK Course will have a new driving range with more bays, VIP Rooms, restaurant and bar. BSD Course is still continuing the renovation at driving range and interior of the clubhouse. We apologize for any inconvenience caused by our renovation, but please know that all the work and renovation will be worth the wait.

On course maintenance, we are continually conducting programs regularly. Bunkers levelling, top dress, verticut and aerator tees to keep the course always in good shape and condition.

Thank you to our dear and valued members for your kind support and loyalty to the club.

Happy golfing

Golf Tips

OPEN, CLOSED, SQUARE STANCE

Djamal - BSD Professional

Posisi sikap terbuka (lihat gambar 1): ketika bahu, pinggul, kaki mengarah ke kiri dari target. Selama clubface Anda ditujukan ke target, ini akan menghasilkan arah bola fade (kiri ke kanan).

Posisi sikap tertutup (lihat gambar 2): sebaliknya, dengan clubface Anda mengarah ke target sambil mengarahkan bahu, pinggul, dan kaki Anda ke kanan target akan menghasilkan arah bola draw (kanan ke kiri).

Open stance (see pic 1): when your shoulders, hips, feet are aimed left of the target. As long as your clubface is aimed to the target, this will promote a fade (left to right) ball flight.

Closed stance (see pic 2): conversely, with your clubface aimed at the target while aiming your shoulders, hips and feet to the right of the target will result in a draw (right to left) ball flight.

Posisi sikap lurus: ketika segala sesuatu (clubface, bahu, pinggul dan kaki) diarahkan langsung ke sasaran. Sikap ini akan mengoptimalkan arah bola.

Square stance: when everything (clubface, shoulders, hips and feet) is aimed straight to the target. This stance will optimize a straight ball flight.

New Golf Rules

USGA

by: JHON R. TJAHHADI
Captain Club Committee

TEEING AREA

Seorang pegolf diperbolehkan melakukan tee off di belakang penanda tee maksimal 2 panjang stik (lihat gambar 1). Seorang pegolf dapat melakukan tee bola di mana saja dalam 2 panjang stik (lihat gambar2). Aturan ini dapat membantu jika area tee tidak dalam kondisi optimal.

A golfer is allowed to tee off behind the tee markers maximum 2 club lengths (see pic 1). A golfer can tee the ball anywhere within the 2 club lengths (see pic2). This rule can be helpful if the teeing area is not in optimal condition.

Seorang pegolf juga diperbolehkan berdiri di luar area tee selama bola masih berada di dalam penanda tee (lihat gambar 3 dan 4). Tubuh pegolf bisa berada di luar area tee saat melakukan pukulan tee. Ini memaksimalkan area tee yang memberi pegolf lebih banyak pilihan.

A golfer is also allowed to stand outside the teeing area as long as the ball is still inside the tee markers (see pic 3 and 4). The golfer's body can be outside the teeing area while hitting the tee shot. This maximizes the teeing area which gives the golfer more options.

JAKARANDA, BUNGA BIRU YANG MEMPESONA

JACARANDA, DAZZLING BLUE FLOWERS
By Robby Chandra – Landscape supervisor - BSD Course

Dari banyaknya jenis pohon berbunga indah, pohon jakaranda adalah salah satu pohon yang wajib masuk dalam daftar. Pohon dengan nama ilmiah *Jacaranda mimosifolia* ini berasal dari daerah Amerika Tengah dan Amerika Selatan yang beriklim tropis dan subtropis. Ketinggian pohon jakaranda bisa mencapai 5 hingga 15 meter. Karena keindahan bunganya, pohon jakaranda banyak ditanam di berbagai negara termasuk Indonesia.

Of the many types of beautiful flowering trees, the Jacaranda is one that must be included in the list. This tree with the scientific name Jacaranda mimosifolia native from Central America and South America with tropical and subtropical climates. Jacaranda height can reach 5 to 15 meters. Because of the beauty of its flowers, Jacaranda trees are widely planted in various countries, including Indonesia.

Pada iklim tropis seperti Indonesia, pohon jakaranda mulai berbunga pada awal musim kemarau. Saat itu, bunga jakaranda yang berwarna ungu kebiru-biruan akan tumbuh menutupi ranting-ranting menggantikan daun-daunnya yang berguguran. Bunga akan bertahan hingga 2 bulan sebelum rontok dan digantikan kembali dengan dedaunan. Ketika bunga jakaranda mulai rontok, bunga-bunga akan menutupi tanah dengan warnanya yang sangat mempesona.

In tropical climates such as Indonesia, jacaranda begin to flower at the beginning of the dry season. At that time, the bluish purple jacaranda flowers will grow to cover the branches to replace the fallen leaves. Flowers will last up to 2 months before falling off and being replaced with leaves. When the jacaranda flowers start to fall, the flowers will cover the ground with their very dazzling color.

Damai Indah Golf memiliki koleksi beberapa pohon jakaranda dengan ketinggian 3 hingga 4 meter. Kami menempatkan pohon jakaranda pada tepian cartpath untuk memberikan kesan teduh dan menambah aksen warna pada lanskap, seperti di hole 12 dan hole 18 BSD Course. Ketika memasuki musim berbunga, hamparan bunga jakaranda terlihat seolah karpet biru yang menutupi rumput dan cartpath di bawahnya.

Damai Indah Golf has a collection of Jacaranda with a height of 3 to 6 meters. We placed the jacaranda on the edge of the cartpath to give it a shady feel and to add color accents to the landscape, like on hole 12 and hole 18 of the BSD Course. When entering the flowering season, the jacaranda flower bed looks like a blue carpet covering the grass and the cartpath below.

Golf Course Maintenance

POHON BAOBAB DI DAMAI INDAH GOLF

BAOBAB TREES IN DAMAI INDAH GOLF

By Robby Chandra – Landscape supervisor - BSD Course

Salah satu koleksi pohon yang paling unik di Damai Indah Golf adalah pohon baobab. Pohon dengan nama ilmiah *Adansonia digitata* ini memiliki habitat asli di dataran rendah Benua Afrika dan Australia. Pohon ini dikenal dengan nama asem buto atau ki tambleg di Indonesia. Diperkirakan bibit pohon baobab pertama kali masuk ke Indonesia saat perdagangan laut melalui pedagang timur tengah.

*One of the most unique collections of trees at Damai Indah Golf is the baobab tree. This tree with the scientific name *Adansonia digitata* has a native habitat in the lowlands of the Africa and Australia continent. This tree is known as asem buto or ki tambleg in Indonesia. It is estimated that baobab tree seedlings first entered Indonesia during sea trade through middle eastern traders.*

Salah satu keunikan dari pohon baobab adalah bentuknya yang tidak lazim. Baobab memiliki ukuran batang yang besar dengan tajuk yang tidak terlalu rimbun. Tinggi pohon ini dapat mencapai hingga 30 meter. Selain itu, pohon ini dapat hidup hingga ribuan tahun. Berdasarkan penelitian dengan metode penanggalan karbon untuk menentukan usia suatu objek, diketahui suatu pohon baobab di Zimbabwe memiliki usia 2450 tahun ketika mati pada tahun 2011.

One of the uniqueness of the baobab tree is its unusual shape. Baobab has a large stem size with canopy that are not too dense. The height of this tree can reach up to 30 meters. In addition, this tree can live up to thousands of years. Based on research using the carbon dating method to determine the age of an object, it is known that a baobab tree in Zimbabwe was 2450 years old when it died in 2011.

Pohon baobab yang ada di Damai Indah Golf memiliki ukuran cukup besar dengan tinggi sekitar 8 – 15 meter. Kami men-display beberapa pohon baobab sebagai focal point di area parkir PIK Course. Beberapa pohon juga kami tempatkan di sekitar area permainan golf, seperti hole 1 BSD Course dan hole 17 PIK Course. Dengan tajuk yang tidak terlalu rimbun membuat visibilitas pemain tidak akan terganggu dan tentunya tidak banyak menghasilkan sampah guguran daun yang dapat mengotori area permainan.

The baobab tree at Damai Indah Golf is quite large with a height of about 8-15 meters. We displayed several baobab trees as focal points in the PIK Course parking area. We also place several trees around the golf game area, such as hole 1 of the BSD Course and hole 17 of the PIK Course. With the characteristics of the canopy, the visibility of players will not be disturbed and of course it won't produce a lot of leaf litter.

Quiz

What hole is this?

BOOKING PROCEDURES FOR GOLF TEE TIMES

- Members may make bookings for tee times up to two weeks in advance.
- Booking should be made by fax whenever possible and the booking office will confirm by fax. The booking office opening hour
Monday through Friday : 08.00-17.00
Saturday : 08.00-12.00
Sunday & public holiday : Closed
Direct telephone : (021) 537-0285
Direct fax : (021) 537-0282
- Members are able to book for other members by fax. The member making the booking for the other member (s) assumes responsibility for any "no show" penalties, should those other members "no-show up".
- On Saturdays, Sundays and Public Holidays, members are welcome to bring up to a maximum three accompanied guests or other members, with minimum three (3) golfers in one (1) flight. These bookings must be done by fax. Phone booking cannot be confirmed until a fax booking request has been received from the members.
- Single or 2-ball players will not be allowed to book. In most cases, if they come to the course we will be able to pair with other around of less than 4 players.
- On weekends and public holidays, only members with official DIG handicaps not exceeding 28 are allowed to play before 11.00.
- Cancellations must be made by fax within 72 hours of the booked tee time. Any cancellations after that time will result in a no-show penalty.
- No-show by a Member will result in a written notice on the first offence and any subsequent no-shows will result in a penalty or charge of three accompanied Guest green fee per flight booked.
