# CHAIRMAN MESSAGE

Dear Members,

A lot has happened in the last few months. We would like to take this opportunity to share some updates on recent club activities.

We would like to express our deep gratitude to Members who participated in our Ramadhan Berbagi Wish Program. Your generous donations to the local orphanage were truly a blessing to the children.

In terms of clubhouse renovations, we are pleased to inform you that the interior renovation of the clubhouse at the BSD Course is almost complete. We apologize for any inconvenience caused during this period, but we are confident that the outcome will be worth the wait. Additionally, the renovation is currently underway at the BSD VIP Rooms and a new VVIP room at the PIK Course. We appreciate your patience and understanding as we strive to enhance your overall experience at our facilities.

We are also delighted to announce that the Mandiri Ciputra Golfpreneur Junior World Championship 2023 recently took place at the PIK Course. After a three-year delay due to the pandemic, this prestigious event saw 104 players from 12 countries showcasing. We extend our heartfelt congratulations to all the participants, with special recognition to Parin Sarasmut from Thailand, who emerged as the boys' champion, and Suvichaya Vinijchaitam, also from Thailand, who achieved victory in the girls' category.

Furthermore, we are thrilled to see an increasing number of juniors participating in the Damai Indah Golf Short Course Junior Competition, which is held every two months at both the BSD and PIK Courses. This event, scheduled four times a year, aims to foster a greater interest in golf among the younger generation.

Lastly, our dedicated maintenance team is diligently working to ensure that the course remains in prime condition. Regular maintenance programs, such as aerating, top-dressing greens, bunkers, and fairways, are being conducted to prepare for the upcoming BNI Ciputra Golfpreneur Tournament Asian Development Tour in August 2023.

Once again, we would like to express our sincere appreciation for your continued support. We wish you all happy golfing and look forward to welcoming you at the club.

A stylized, handwritten signature in black ink, consisting of several sweeping lines that form the letters of the name.

# Golf Course Maintenance

## SIRKULASI AIR DANAU

By Tian Yusefani (Agronomist - BSD Course)

BSD Course terdapat 5 danau sebagai sarana vital penampungan sumber air untuk kebutuhan penyiraman lapangan. Selain sebagai sumber air, danau yang memiliki volume air total mencapai 189.522m<sup>3</sup> merupakan satu kesatuan dalam lapangan golf sebagai salah satu variasi tantangan dalam permainan golf, yang biasa disebut Water Hazard Sehingga program perawatan untuk menjaga kualitas air agar tetap selalu bersih menjadi hal penting. Parameter kualitas air yang utama yakni kondisi air secara visual terkesan bening, pada permukaan tidak terdapat endapan algae/lumut, sisa potongan rumput bahkan sampah jenis lainnya.

*The BSD Course has 5 lakes, as vital means of shelter water source for field irrigation. Aside from being a source of water, this lake, which has a total water volume of 189,522m<sup>3</sup>, is an integral part of the golf course as a variation of challenges in golf, which is commonly called Water Hazard. So maintenance programs to maintain water quality are very important. The main water quality parameters are visually clear water conditions, no algae/moss deposits on the surface, grass clippings and even other types of waste.*

Proses biotik menjadi salah satu cara perawatan kualitas air danau, yaitu dengan mengaplikasikan mikroorganisme perombak lumut dan pemeliharaan ikan air tawar. Sedangkan, proses lainnya yang akan lebih rinci dibahas pada artikel ini adalah proses mekanis. Prinsip Perawatan danau secara mekanis yakni dengan tetap menjaga sirkulasi udara dan air, sehingga suhu dan kandungan oksigen dalam air tetap terjaga, serta tidak terjadi endapan lumut dan sisa potongan rumput.

*The biotic process is one way to maintain lake water quality, for example by applying moss-degrading microorganisms and rearing freshwater fish. Meanwhile, other processes that will be discussed in more detail in this article are mechanical processes. The principle of treating lakes mechanically is to maintain air and water circulation, so that the temperature and oxygen content in the water are maintained, and no moss deposits and grass clippings.*

Air mancur merupakan sistem mekanis yang diaplikasikan bertujuan untuk menambah keindahan dan keanggunan lansekap. Terdapat dua jenis model air mancur yang diaplikasikan di danau BSD Course, antara lain Air mancur mengapung dan air mancur aerator.

*The fountain is a mechanical system that is applied to add to the beauty and elegance of the landscape value. There are several models of fountains that are applied on the BSD Course lake, such as floating fountains and aerator fountains*

**Air mancur mengapung/ Floating fountains**

**Air macur aerator / Aerator fountains**

Pengunjung/golfer sangat menyukai pemandangan yang asri dan suara yang menentramkan dari air mancur. Selain itu Air mancur terapung juga akan menjadi sumber aerasi sangat baik dalam meningkatkan kandungan oksigen dalam air, kandungan oksigen ini sangat diperlukan oleh habitat ikan yang juga dipelihara.

*Visitors / golfers really like the beautiful view and soothing sound of the fountain process. And also, floating fountains will be a very good source of aeration in increasing the oxygen content in the water, oxygen content is needed by fish habitats.*

Jika Anda memukul pukulan tee lemah yang mengarah ke kanan (pegolf tangan kanan), posisi finish anda akan menyerupai gambar 6. Anda menggantung ke belakang dan tidak memindahkan berat badan anda ke arah target. Silakan coba langkah Swing Through untuk mulai memukul tembakan lurus dengan lebih banyak kekuatan. Memulai untuk memukul pukulan biasa anda (gambar 1), dekatkan kaki anda (gambar 2), ayunkan swing anda sampai ke atas (gambar 3), mulailah penurunan anda dengan menggeser kaki kiri anda ke kiri (gambar 4), selesaikan ayunan anda dengan bahu kanan anda ke arah target dan kaki kanan anda hampir sepenuhnya menyentuh tanah.

*If you hit weak tee shots that goes to the right (right handed golfers) your follow through position will resemble pic 6. You are hanging back and not shifting your weight towards the target. Please try the step through drill to start hitting straight shots with more power. Set up to hit your regular shot (pic 1), put your feet close together (pic 2), swing to the top (pic 3), begin your downsing by shifting your left foot to the left (pic 4), finish your swing with your right shoulder towards the target and your right foot almost totally off the ground.*

## ***TEEING AREA***

Seorang pegolf diperbolehkan melakukan tee off di belakang penanda tee maksimal 2 panjang stik (lihat gambar 1). Seorang pegolf dapat melakukan tee bola di mana saja dalam 2 panjang stik (lihat gambar2). Aturan ini dapat membantu jika area tee tidak dalam kondisi optimal.

*A golfer is allowed to tee off behind the tee markers maximum 2 club lengths (see pic 1). A golfer can tee the ball anywhere within the 2 club lengths (see pic2). This rule can be helpful if the teeing area is not in optimal condition.*

**Junior World  
Championship 2023**

Parin Sarasmut (Thailand)  
Boys Champion

The Mandiri Ciputra Golfpreneur Junior World Championship 2023 is back after a 3-year postponement due to the pandemic situation. This year, 104 players from 12 countries showed their best performance from May 29 to June 1, 2023 at Damai Indah Golf PIK Course.

The tournament was initiated by Mr. DR. (HC). Ir. Ciputra in 1993 and has been consistently carried out until now, becoming a regular agenda in the annual championships of the Indonesian Golf Association.

This year, in conjunction with The Junior Golf Tour of Asia (JGTA), the sanctioning and governing institution for junior golf tournaments in the Asia Pacific, where golf is growing quickly, we expect it will upgrade the tournament standards, both in terms of the quality of the players and developing players through the improvement of the tournament conditions.

Playing for 3 days in the event Mandiri Ciputra Golfpreneur Junior World Championship, Parin Sarasmut won the best gross overall for boys, and Suvichaya Vinijchaitam won the best gross overall for girls champion; both are from Thailand. Elaine Widjaja from Indonesia won the Girls A Division, Annabele Leimena won Girls C Class, while in the Boys Division, Teuku Husein M Danindra won the Boys - B Class.

As an additional program, Mandiri CGJWC 2023 also promotes Indonesian golf tourism to foreign golfers and officials through the dance performance from Indonesia Tourism & Economic Creative on the opening and closing and holds an interactive Indonesian craft exhibition.

Suvichaya Vinijchaitam (Thailand)

- Members are able to book for other members by fax. The member making the booking for the other member (s) assumes responsibility for any "no show" penalties, should those other members "no-show up".
- On Saturdays, Sundays and Public Holidays, members are welcome to bring up to a maximum three accompanied guests or other members, with minimum three (3) golfers in one (1) flight. These bookings must be done by fax. Phone booking cannot be confirmed until a fax booking request has been received from the members.
- Single or 2-ball players will not be allowed to book. In most cases, if they come to the course we will be able to pair with other around of less than 4 players.
- On weekends and public holidays, only members with official DIG handicaps not exceeding 28 are allowed to play before 11.00.
- Cancellations must be made by fax within 72 hours of the booked tee time. Any cancellations after that time will result in a no-show penalty.
- No-show by a Member will result in a written notice on the first offence and any subsequent no-shows will result in a penalty or charge of three accompanied Guest green fee per flight booked.
